

March, march all ye men
March, march o'er moor and fen
See how the country needs you
To fight for life.

Go, go, all ye men
Go, but come back again
Fight for your country's freedom
Oh, fight for life.

Brave, brave, all ye men
Come, and come back again
Brave, having done your duty
Having fought for life.

Rest, rest all ye men
Dead — but will live again.
May the peace of God be with you
World without end, Amen.

Go, go, all ye men
Go, but come back again
Fight for your country's freedom
Oh, fight for life.
